Serving those in need, empowering our neighbor, all for the glory of God.

Your continued support of our longer term, performance-based program will help us motivate people to END their homelessness not just manage it better. You are helping us change the lives of our residents and restore Hope that for many had completely vanished.

Cove House is to be a loving and compassionate place where the Gospel of Jesus Christ is boldly and shamelessly proclaimed. Our ambition is for everyone in Copperas Cove and the surrounding area to have sufficient shelter, food, employment, clothing and healthcare. We desire for Cove House to be a place where an individual can have their health, educational, and emotional needs met all done in the name of Jesus Christ for the glory of God.

We believe there is much more than can and will be done to help those in need and expansion will be a great start. This will be a monumental task that will take God's blessing, a great deal of hard work and sacrificial giving. It is our goal to build The Best Place for people to restart their lives after financial tragedy. We have adopted the slogan "Cove House is a LAUNCH PAD not a crash pad!!"

Sincerely,

Brian Hawkins

Cove House Executive Director

There will always be poor people in the land. Therefore, I command you to be openhanded toward your fellow citizens who are poor and **needy** in your land.
